RAIN OR SHINE

2nd Annual "Biker Down"

Benefit at Froggy Blues

For Darrin Donley

Darrin Donley, 40 years young, has been a much loved resident of Monroe for the past twelve years. He grew up in Blue Ash and worked along side his family at their Shell Gas Station located at the corner of Rt. 42 and I-275 in Sharonville. As an adult, Darrin has remained working in the automotive field. He has raised a son and spends his free time doing what he loves most, riding his Dyna Wide Glide.

In March 2007, Darrin was diagnosed with mantel cell non Hodgkin's lymphoma cancer. He has undergone intensive chemotherapy treatment, however his condition remains inoperable. He is unable to work and is faced with fighting this horrific disease uninsured.

Please help us help Darrin by supporting our fundraiser. We plan to continue this annual event to support our fellow bikers in need throughout the Butler and Hamilton County area.

Benefit Ride

Raffle

Live Band

Split the Pot

More
