Cincinnati United offers a quality integrated select experience from the age of 8 to 18, in two comprehensive programs:

The CU Competitive Program provides a broad soccer experience for all skill levels:

These teams are parent coached and professionally trained. A wide array of competitive levels are served by this program, as it is our philosophy that kids of varied levels of commitment and skills will be grouped so they may enjoy the soccer experience that best serves their individual needs. Integral to this philosophy is the belief that the cost of select soccer should be manageable for families.

The CUP Premier Program offers the highest competitive levels locally, regionally, and nationally:

Players from all community locations are evaluated and combined to create the strongest teams possible in our CUP Program. These teams start forming at the U11 age level, and are professionally coached and trained, utilizing a proven and successful staff. CUP teams will have opportunities to play in Regional and National competition, ultimately with the opportunity to make a team that will be viewed by college coaches.

CUP has a professional staff that understands the college recruiting process, and has established relationships with college coaches. Ongoing events for players and families include CUP College Night, the College Academy and the CUP College Showcase Tournament.

We have an Exclusive Affiliation with Major League Soccer's Champion!:

Cincinnati United is the only soccer club in the Cincinnati/Dayton region to be aligned with a Major League Soccer team – the Champions, Columbus CREW. This partnership provides CU players with opportunities for special training, tournament play, the U.S. Soccer Academy, and attendance at CREW events.
